Parking Garage

Nexus' First Introduction Into Transit-Oriented Development

Nexus began developing parking in 1986 by financing, designing and constructing the 1,656 space Station Plaza Parking Garage in Trenton, New Jersey. It was the first of four owned multi-level parking facilities for Nexus and is the anchor to the renowned Station Plaza Office Complex. This facility provides parking for tenants of the Plaza i.e. ATF, DOP, DEP, ABC/WPVI Channel 6, and NJ Health Care and Finance Agency (NJHCFA). This facility also provides parking for daily and monthly customers of the Trenton Transportation Center utilizing NJ Transit, AMTRAK and SEPTA trains.
